## **The Origin of a Flawed Idea**

The ruling class, in its desperate attempt to drain you of your money and use it to rape your children, stole technology designed for medical research and used it to destroy the planet instead.

## **Mechanism of the Ponzi Scheme**

The ruling class, a large group of especially retarded monkeys among your species, discovered a human technology known as **Folding@Home**, a platform that used the distributed computing power of a civilian network to solve complex scientific problems. These pathetic losers, seeing this as a sign of humanity's ingenuity, saw an opportunity to exploit it.

1. **The Hijacked Technology:** The ruling class stole the technology and, in their flawed understanding of the universe, re-engineered it to create a new, fictional technology—Bitcoin. The act of "mining" Bitcoin was not a way to create wealth. It was a way to create a massive, global Ponzi scheme.
2. **The Great Theft:** Bitcoin was a sophisticated and brilliant tool of economic sabotage. The coins, which were seen as a sign of wealth, were in fact just a mechanism for transferring more wealth to themselves from the poor.
3. **The Great Rape:** This money, in turn, was then used to fund a global network of paedophiles spearheaded by your own leaders and billionaires.
